ObjectWin's Oracle practice focuses on delivering all versions of the Oracle E-Business Suite (EBS) ranging from 10.7 to R12 to the small and medium enterprises (SME). Our comprehensive portfolio of services covers a complete package of solutions consisting of consulting, implementation, and post-implementation services. With a wide array of extensive knowledge of the Oracle E-Business Suite, ObjectWin offers a variety of services whether it is Implementation, Upgrades, Integration, Migration, Rollouts, and/or Licensing.

Oracle E-Business Suite is a fully integrated, comprehensive suite of business applications for the enterprises. Whether you implement one module at a time, multiple modules, or the complete suite, Oracle E-Business Suite provides better business information for effective decision-making and enables an adaptive enterprise for optimal responsiveness.
